

Together let's
build your future

Property services

Buying, selling, financing and managing property assets requires expertise and outside help. Our property specialists can help you attain all your objectives.

Our services

Appraisals

Appraisals are the cornerstone of property transactions. We provide informal valuations and hedonic appraisals for buying and financing houses, commonhold apartments (PPE) and investment properties.

Advisory services

We will then advise and assist you with the purchase or sale. For managing estates, we can take care of financing and divisions of property.

Portfolio management

We can also be on site during renovations as well as managing property portfolios, for example checking heating, agency and shared-cost invoices.

Our customised solution

Independent, seasoned advice

Our long-standing experience enables us to help you efficiently and work exclusively in your interests.

Your one-stop partner for property management

We work with you to safeguard your wealth and enhance the value of your property assets.

Long-term advice for your family

We look after your assets for the long term, including planning for successions.
